Bill,

Heads-Ups. The information below may save you time.

Chronology of the Above Product (36488-LR, formerly 47629-RI.) The effective PRIA Due date for 47629-RI is today. I will be withdrawing today.

- Woodstream originally sent this request under 47629-RI for a Tier IV Bait Station.
- After reviewing this application and sending the company my comments, they informed me that they had withdrawn the product but did not provide a pending file symbol.
- I had not received information about the withdrawal request of 2-18-2010 so I was totally in the dark.
- At the that point, I gave the co the option of continuing with the withdrawal or registering the product (47629-RI).
- In his E-Mail below, Mr. Chad Mateer said that, because of "compensation issues", they were definitely want the "withdrawal option". I will be doing that today.
- I will be sending you my review on 47629-RI so that you can process 36488-LR faster.

Thank You,
